

Hello Parents, your child BYOx computer is in S MODE, to be able to load the BYOx Connect and BYOx.exe to student computers – you will need to switch out of S MODE. Please follow the below instructions

### **Windows 10 & 11: How to Switch Out of S Mode**

Can I switch out of Windows 10/11 S mode to install apps that are not offered in the Microsoft Store?

Windows 10/11 Home in S mode helps keep your device secure by only allowing verified Microsoft Store Applications to be installed. You can switch out of Windows 10/11 Home in S mode if you want to install programs or applications that are not offered in the Microsoft store. You will not be able to go back to Windows 10/ 11 in S mode once you have switched out of s mode.
